The stick really is better than the carrot when it comes to motivating people, a study has found. Although modern management and schooling techniques favour praising workers or students, the new ...

Stick better than carrot for motivating students and staff ...

The Carrot and Stick approach of motivation is based on the principles of reinforcement and is given by a philosopher Jeremy Bentham, during the industrial revolution. This theory is derived from the old story of a donkey, the best way to move him is to put a carrot in front of him and jab him with a stick from behind. The carrot is a reward for moving while the stick is the punishment for not ...
